

Nach dem Besuch des historischen Museums in Bursa

Dezember 2013: Projektfahrt zu unserer türkischen Partnerschule in Gemlik

„Religion und Gesellschaft“ war das Thema unserer Fahrt zu unserer Partnerschule in die Türkei.

Außerdem haben wir viel über das Leben in der modernen Türkei bei Besuchen in Istanbul und Bursa gelernt.

Die Gastfreundschaft, die wir erleben durften, war atemberaubend.

-----

In the first days of December 2012 seven students from Germany travelled to our Turkish partner school in Gemlik. This Comenius mobility was a purely German Turkish meeting. The meeting had a specific thematic focus: culture and religion.

Die HagiaSophia in Istanbul

At our partner school religion is taught as a major subject. The school also has its own mosque. Students and teachers discussed the role of religion both in Germany and in Turkey, especially in everyday life.

Of particular interest was an intensive tour of the Grand Mosque in Bursa. Naturally, we didn't miss the visit of the Hagia Sophia mosque in Istanbul as well and enjoyed this wonderful city.

However, the incomparable hospitality of our Turkish hosts impressed us most of all. We have made many friends and will remember this experience for a long time in our lives.
